

(TMI Journeys - October 2015)

## **The Party of the Century!**

### **The Party of the Century——And Your Consciousness is Invited**

Join the nonphysical festivities!

TONIGHT! October 30th between 5:30 PM and 8:30 PM Eastern Time at The Monroe Institute.

This Crystal is Your Target and your Destination.

It Is Ground Zero for the Celebration of Robert Monroe's 100th Birthday.

It Is the Focal Point for Launching the Next Century of Human Consciousness Development.

Bob Monroe said, "Consciousness is focused energy. Energy focused is exponential. Consciousness is a form of energy at work."

Gather with us at this potent Time and Place. Feel the power of the exponentially focused energy. Then, from the center of your being, expand and project your desire for the greatest outcome for all. Feel that intent emanating far beyond the limits of mind and form. Feel the strength of your connection with the group. Know that your heart's desire is fulfilled.

And remember, depending upon your perspective, space-time is an illusion. To be with us in the moment of launch, simply focus on that time and place and allow the crystal energy to draw your consciousness into the shared experience.
